What Are Severe and Profound Disabilities?

Severe and profound disabilities refer to conditions that significantly limit a person's functional capabilities across multiple areas. These disabilities often include, but are not limited to: - Severe intellectual disabilities - Multiple disabilities (e.g., physical impairments combined with sensory deficits) - Autism spectrum disorder with severe challenges - Cerebral palsy - Spinal cord injuries - Sensory impairments (deaf-blindness) Students with these disabilities may require extensive supports and services throughout their lives. Their needs are complex, and they often require modifications in communication, mobility, daily living skills, and social participation.

Importance of Tailored IEP Goals

Because of the diverse and complex needs, IEP goals for severe and profound students must be: - Specific and measurable - Attainable considering their abilities - Focused on functional skills - Supportive of their overall development - Inclusive of family and caregiver input
