Tagging and categorization strategies

Tags provide flexible organization beyond fixed folder structures. Applying descriptive tags allows PDFs to belong to multiple categories without duplication. For example, Northern Italian Vs Southern Italian Appearance can be tagged by topic, audience, or usage type, making it easier to retrieve in different contexts.

When Northern Italian Vs Southern Italian Appearance is text-based and well-structured, keyword searches become significantly faster and more reliable.

Using OCR for scanned documents converts images into searchable text, improving both usability and accessibility across the library.
